Principal's foreword

Introduction

This Annual Report helps the school to share with parents and other members of the school community information about the school, its strengths and its performance for 2012. The Annual Report includes contextual information such as the curriculum, opportunities for parental involvement and extra-curricular activities, as well as student outcome data such as the national Literacy and Numeracy (NAPLAN) Tests.

Interested people can access this Annual Report via our school website or from the school administration upon request.

Our School Vision – At Glenella State School we aspire to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing. Via our Whole-school Curriculum Plan, teacher delivery of the required content is undertaken by following Education Queensland's preferred method of delivery, The Dimensions of Teaching and Learning. This helps to ensure that we are "working together to ensure that every day, in every classroom, every student is learning and achieving".

School progress towards its goals in 2012

As per the 2012 Annual Implementation Plan (AIP):

Priority Area	Actions	Outcomes
School Curriculum	Implementation of the Glenella SS Improvement Agenda.	School data displayed student improvements in Reading, Reading Comprehension and Spelling. Internal Monitoring system developed and successfully implemented. Successful implementation of school policies related to Improvement Agenda.
	Implementation of Australian Curriculum and Glenella SS whole-school Curriculum & Assessment Plan.	100% of teaching staff implementing Australian Curriculum with unit intent and appropriate assessment evident in relevant Learning Areas.
	Implementation of P-12 Curriculum Framework and Roadmap for P-10 Curriculum, Teaching, Assessment & Reporting.	100% of teaching staff implementing Essential Learnings in relevant Learning Areas.
	Development and implementation of Glenella SS Pedagogical Framework.	To be developed in 2013 and implemented from 2014 onwards.

Queensland State School Reporting

2012 School Annual Report

Priority Area	Actions	Outcomes
Teaching Practice	Continued implementation of Developing Performance Framework with staff.	100% of teaching staff engaged with DPF. All other staff to come online in 2013.
	Establishment of a formal Lesson Observation and Staff Feedback process.	100% of teaching staff engaging with Glenella SS Collegial Observation and Feedback processes.
	Attend to Indigenous Education requirements.	100% of students (Indigenous or non-Indigenous) monitored for student progress and targets achieved. EATSIPS requirements completed and actioned within school.
Principal Leadership & School Capability	Continued implementation of Principal Performance Development Plan.	Supervisor approved all aspects of plan and celebrated achievements throughout the year.
	Introduction of a Curriculum Co-ordinator role within the school.	Position filled and successful outcomes throughout the year via support for teachers. Position to be continued in 2013.
	School Workforce requirements.	100% of staff participated in a variety of Professional Development activities throughout the year.
School and Community Partnerships	Continued active participation and involvement by school community in school activities.	Positive attendance and participation in P&C activities. Positive participation by parents and other volunteers in school activities.
	Partnerships with community organisations.	Positive working relationship with Magpies Sporting Club maintained.
Other – School Focus	Continued work on a variety of strategies to publicise the school to help achieve positive enrolment growth.	School Enrolments increased to levels not seen in over four years.

Future outlook

Glenella SS has set our 2013 areas for School Improvement as:

- Major Focus Area – Number & Algebra
- Minor Focus Area – Vocabulary (Fluency, Grammar & Punctuation and Writing) whilst maintaining our 2012 focus on Reading, Reading Comprehension and Spelling.

Working alongside these focus areas is an acknowledgement of a Strong Collegial Culture and a Shared Commitment to one another.

A commitment to embedding Explicit Instruction and the development of a school Pedagogical Framework by the end of 2013 will also be key aspects of our work in 2013.

Our school at a glance

School Profile

Coeducational or single sex: Glenella SS is a Coeducational school.

Year levels offered in 2012: Prep - Year 7

Total student enrolments for this school:

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2010	169	83	86	91%
2011	175	90	85	89%
2012	187	105	82	92%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

The majority of students attending Glenella SS are of European background and come from English speaking backgrounds. With an increase in families associated with the surrounding mining industry, the school is beginning to see an increase in families from overseas countries such as the United Kingdom, Wales & South Africa and also increased enrolment transience. There is also a low percentage of Indigenous student's attending the school.

Average Class sizes

Phase	Average Class Size		
	2010	2011	2012
Prep – Year 3	19	22	20
Year 4 – Year 7	22	22	17

School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2010	2011	2012
Short Suspensions - 1 to 5 days	6	7	5
Long Suspensions - 6 to 20 days	<5	<5	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

Curriculum offerings

Our distinctive curriculum offerings:

In 2012 the school enhanced its whole-school Curriculum Plan by introducing the Australian Curriculum in the Learning Areas of English, Maths and Science. Our school Improvement Agenda was aligned with our Curriculum Plan and teacher delivery of content was undertaken by following Education Queensland's preferred method of delivery, the Dimensions of Teaching and Learning. Aspects of Explicit Instruction (E.I) were introduced, developed and implemented in classrooms across the school, thus ensuring the Central Queensland Region priority area of E.I was attended to within the school.

Transition Programs are offered to assist students as they enter and exit our school. Prep Year Orientation sessions are run in Semester 2 of each year to help transition students from their pre-Prep education into the school in readiness for the following year when they will enter Prep at Glenella SS. Similarly, our Yr 7 students are given the opportunity to participate in High School Orientation programs during their final year at Glenella SS in preparation for their move to secondary education the following year.

Extra curricula activities:

Each year the school, in consultation with the school community, determines a number of extra-curricular activities that can be offered for students to participate in. During 2012 activities included:

- Environmental Activities/Projects – within the school via the School Environment Management Plan (SEMP) including the care of plants and gardens in the school grounds along with care and responsibility for the school bee hive. Outside the school, students participated in activities including 'Kids Teaching Kids', where students from Glenella SS offered learning opportunities for students from other schools.
- Sporting Opportunities – students are offered a range of sporting opportunities via inter-school sport and representative sport throughout the school year.

Some larger activities are held in alternate years:

- Wakakirri – an artistic and cultural experience building self-awareness and team spirit which was participated in by students in 2011 will again be offered in 2013.

How Information and Communication Technologies are used to assist learning

Glenella SS acknowledges that ICTs are embedded and integrated through classroom teaching programs and thus ICTs are seen as integral parts of teaching and learning on a regular basis to foster, support and consolidate student learning.

Staff use ICT as a resource to communicate with others, to locate, create, record, store, organise and retrieve information. This resource is also used when teachers plan and present teaching programs.

Students use ICT resources such as digital cameras, electronic whiteboards and computers to help achieve curriculum goals, to gather information and to communicate with others (i.e. email) and to locate, create, record, store, organise and retrieve information.

Glenella SS has a computer lab and also has computers available for use by all students, staff and community members in its Library and in classrooms. Our computers are linked to a school server via fibre optic cable and/or wireless technology that allows for a secure whole of school ICT network.

Social climate

A positive and productive social climate exists at Glenella SS with older students 'looking out for / after' younger students in a caring 'family like' environment. This can be evidenced by:

- Students, in School Opinion Surveys, reported a 100% satisfaction in regards to 'I feel safe at my school'.
- Parents, in School Opinion Surveys, reported a 97% satisfaction in regards to 'my child feels safe at this school'.
- Students, in School Opinion Surveys, reported a 93% satisfaction in regards to 'teachers at my school treat students fairly'.
- Parents, in School Opinion Surveys, reported a 93% satisfaction in regards to 'teachers at this school treat students fairly'.
- Students, in School Opinion Surveys, reported a 100% satisfaction in regards to 'student behaviour is well managed at my school'.
- Parents, in School Opinion Surveys, reported a 93% satisfaction in regards to 'student behaviour is well managed at this school'.
- Students, in School Opinion Surveys, reported a 100% satisfaction in regards to 'I like being at my school', 'I would recommend my school to others' and 'this is a good school'.
- Parents, in School Opinion Surveys, reported satisfaction in regards to 'my child likes being at this school' (100%), 'I would recommend this school to others' (93%) and 'this is a good school' (96%).

Our school at a glance

From 2008 onwards Glenella SS has participated in the School Chaplaincy Project having a Chaplain available to generally assist in classrooms and school related activities. The Chaplain is available to work one-on-one with students, parents or staff should the need arise. This service is well received and supported by students, parents and staff.

Glenella SS acknowledges bullying through its Responsible Behaviour Plan for Students. We believe the best way to address any problems with bullying is to take a strong, proactive stance. We also believe that all stakeholders need to have an understanding of what bullying means, the behaviours it includes, how it makes people feel and what to do if it is experienced or seen in action. At Glenella SS whilst we don't have many problems in this area, we encourage the use of strategies that include using friendly language, ignoring, walking away, speaking firmly, enlisting peer support and reporting to school staff to ensure bullying is appropriately managed with successful outcomes for all concerned.

Parent, student and staff satisfaction with the school

The overall satisfaction of students, parents and staff at Glenella SS is generally in the satisfied area.

Performance measure (Nationally agreed items shown*)

Percentage of parents/caregivers who agree that:	2012 [#]
their child is getting a good education at school	93.8%
this is a good school	96.9%
their child likes being at this school*	100.0%

Performance measure (Nationally agreed items shown*)

Percentage of school staff who agree:	2012 [#]
that they have good access to quality professional development	55.6%
with the individual staff morale items	75.6%

* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

[#] Percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to changes to the School Opinion Surveys in 2012, comparisons with results for previous years are not recommended.

DW = Data withheld to ensure confidentiality.

Involving parents in their child's education

Glenella SS has and continues to encourage parents/care givers and family members to be an important part of our school life. Parents are regularly encouraged to help in classrooms, participate in school activities such as our weekly assembly and through participation in monthly P&C meetings. Parents support the school by also accompanying their children to sporting events, competitions and other extra-curricular activities. The productive partnerships that exist are attributable to the spirit of co-operation that exists in the school community.

Each semester parents/care givers are provided with a Report Card for each of their children and they are also given the opportunity to discuss the progress of their children with classroom teachers. The 'open door' policy that exists at Glenella SS is welcoming of parents/care givers interest in discussing the progress of their children with class teachers and/or the principal in both formal and informal situations as the need arises.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Through the development of the Glenella SS School Environment Management Plan (SEMP), the school acknowledges and implements a number of strategies to reduce its environmental footprint. Waste streaming, waste minimisation, recycling, water efficiency measures and participation in the National Solar Schools Program have all contributed to addressing our use of electricity and water. Over future years we will continue to implement strategies that will endeavour to reduce our environmental footprint whilst also acknowledging our increasing enrolments and the increasing costs of utilities such as electricity and water.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2009-2010	71,766	1,613
2010-2011	63,980	738
2011-2012	75,839	641

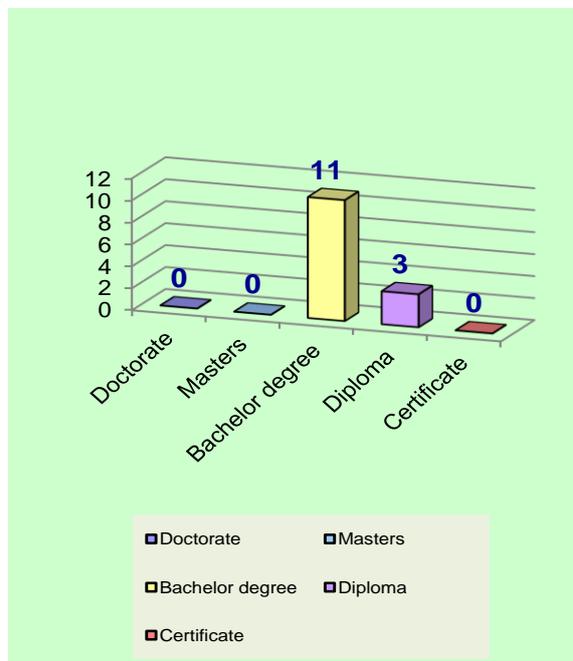

Our staff profile

Staff composition, including Indigenous staff

2012 Workforce Composition	Teaching Staff	Non-teaching Staff	Indigenous Staff
Headcounts	14	8	0
Full-time equivalents	11	4.8	0

Qualifications of all teachers

Highest level of attainment	Number of classroom teachers and school leaders at the school
Doctorate	0
Masters	0
Bachelor degree	11
Diploma	3
Certificate	0

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2012 were \$6100.00.

The major professional development initiatives were as follows:

- Systemic – e.g. Code of Conduct, Asbestos Training, Risk Assessment Training etc.
- School based – i.e. related to 2012 school goals, including the school Improvement Agenda, Internal Monitoring system, Implementation of the Australian Curriculum and teaching staff Collegial Observation & Feedback processes.

These activities were implemented via Student Free Days, Teacher Staff Meetings & Juncture Meetings and external providers.

The proportion of the teaching staff involved in professional development activities during 2012 was 100%.

Our staff profile

Average staff attendance

	2010	2011	2012
Staff attendance for permanent and temporary staff and school leaders.	95.5%	94.4%	96.5%

Proportion of staff retained from the previous school year

From the end of the previous school year, 70% of staff was retained by the school for the entire 2012 school year.

Student Attendance Distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Attendance is checked twice daily by classroom teachers at the beginning of each school day and again immediately after the lunch break as part of our management and recording of attendance and absenteeism.

Overall school management practices that support classroom teachers as part of our management and recording of attendance and absenteeism include:

- Students who arrive late to school are to be accompanied to the school administration by their parents/care givers where the late arrival is explained in the relevant register and students are given a late slip to pass on to their class teacher on arrival at the classroom.
- Students who seek permission to leave the school grounds during the day are requested to bring a note from home and/or have parents/care givers contact the school to explain the reason for the student needing to leave the school grounds and what time it is planned to take place. When students are picked up parents/care givers are requested to meet the student at the administration area where the parent/care giver signs the student out in the appropriate register.
- Parents/care givers explain absences by phoning and/or emailing the school on a daily basis.

The Principal follows up on unexplained and/or absences in excess of three days.

Performance of our students

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.

Achievement – Closing the Gap

The 'Closing the Gap Education Strategy' is the departments overarching strategy for the education of Aboriginal and Torres Strait Islander students in state schools. The strategy sets three state-wide targets for Queensland state schools:

- halve the gap in Yr 3 reading, writing and numeracy by 2012;
- close the gap in students attendance by 2013; and
- close the gap in Yr 12 retention by 2013.

Generally the Indigenous students at Glenella SS have comparable educational results and attendance records to non-Indigenous students at the school.

In regards to the state-wide targets for Queensland state schools, Glenella SS data for 2012 displays:

- A very small gap size exists between the NAPLAN Yr 3 Mean Scale Scores in Reading, Writing and Numeracy of Indigenous and non-Indigenous students at our school, with all student achievements similar to 2012 Qld state school means and National means for all students.
- Student attendance of Indigenous and non-Indigenous students varied by 1% respectively in 2012 which is an improvement on previous years.
